Local Counsel

Assistance with Local Counsel Needs

Trenam attorneys routinely serve as local counsel throughout Florida's state and federal courts. Working with attorneys from international and national firms and with their clients, we serve as co-counsel in complex litigation and transactional matters throughout the state of Florida. Our extensive experience in Florida's state and federal courtrooms, both virtually and in person, and our work in tax, corporate, and real estate matters, uniquely positions us to assist out of state attorneys.

Our corporate and real estate transactional attorneys have served as local counsel in numerous matters, including mergers and acquisitions, corporate and real estate financing transactions, opinions, domestications, and licensing, among others.

Our litigation and bankruptcy attorneys have worked with out of state counsel on cases involving securities fraud, consumer finance class actions, data breach class actions, products liability, and employment matters and more. As the legal environment changes, our litigation attorneys are knowledgeable about the virtual courtrooms and the processes for all of our jurisdictions to assist counsel in effectively representing clients throughout the state of Florida.
